

Adway Sawant

AIML STUDENT , FRONTEND DEVELOPER

📞 9421445548 @ adwaysawant06@gmail.com 📍 Nashik, Maharashtra

SUMMARY

- An enthusiastic student of AIML with a good grounding in programming languages like C, Python, and JavaScript, and pertinent expertise in HTML, CSS, React, and machine learning. I have passion for innovative AI-driven solutions and front-end designs, bringing into play a unique balance of technical skills and creativity.

EXPERIENCE

Head

Bitbyte Club 📅 10/2024 - Present 📍 Remote

- **Leadership and Team Management:** Guided a team of students in organizing and managing various coding and startup-related events, fostering a collaborative and innovative environment.
- **Event Coordination:** Successfully coordinated workshops, hackathons, and seminars, enhancing members' skills in coding, entrepreneurship, and technology trends.
- **Mentorship and Skill Development:** Provided mentorship to club members, encouraging skill development in programming, problem-solving, and startup ideation.
- **Community Building:** Built a strong community of tech enthusiasts, promoting networking and engagement within the club and connecting students with industry professionals.

Intern

CodSoft 📅 10/2024 - 11/2024 📍 Remote

- **Frontend Development:** Designed and developed responsive, user-friendly interfaces using HTML, CSS, and JavaScript, focusing on enhancing user experience.
- **Project Implementation:** Executed small web development projects from concept to completion, applying best practices in coding and design..
- **Skill Building:** Strengthened skills in web technologies and gained hands-on experience in real-world applications of frontend development.
- **Cross-functional Collaboration:** Worked closely with team members, learning to communicate effectively and incorporate feedback to refine project outcomes.

Front End Intern

Vaishnav Technologies 📅 10/2024 - 11/2024 📍 Remote

- **Project Adaptability:** Demonstrated flexibility in adapting to various project requirements and deadlines, delivering reliable results under tight timelines.
- **Front-End Styling and Functionality:** Applied styling frameworks and custom scripts to enhance UI aesthetics and usability, creating a visually cohesive experience.
- **Front-End Scripting and Animation:** Developed interactive features and animations to enhance user engagement, utilizing JavaScript libraries for smoother functionality.
- **Skill Building:** Strengthened skills in web technologies and gained hands-on experience in real-world applications of frontend development.
- **Code Refinement:** Conducted code reviews and optimization to reduce load times, ensuring the front-end performs efficiently and reliably.

COURSES

Responsible generative AI - Training by Microsoft

Define a Microsoft AI strategy to create business value in sustainability

TECHNICAL SKILLS

C	Python	HTML	CSS
Java Script		React	Machine Learning
Frontend development			
Artificial Intelligence			

EDUCATION

Bachelor of Technology

Sandip Institute of Technology and Research Centre, Nashik

📅 09/2024 - Present 📍 Nashik, Maharashtra

BS in Programming and Data Science

Indian Institute of Technology , Madras

📅 05/2024 - Present 📍 Distance learning
